---

## OBJECTIVE

Aspiring Artificial Intelligence and Machine Learning engineer with a strong foundation in Python and C++ programming. Passionate about building intelligent systems and solving real-world problems using data-driven approaches. Seeking opportunities to apply technical skills and grow in the AI/ML domain.

---

## EDUCATION

### Bachelor of Technology (B. Tech) – Computer Science & Engineering (Artificial Intelligence & Machine Learning)

Shri Ramswaroop Memorial College of Engineering and Management, Lucknow

2023 – 2027

**CGPA:** 7.53

### Class XII (CBSE)

Lucknow Public School, Lucknow

**Percentage:** 80%

---

## TECHNICAL SKILLS

- **Programming Languages:** Python, C++
  - **Core Concepts:** Data Structures, Object-Oriented Programming (OOP), Machine Learning Basics
  - **Tools & Platforms:** VS Code, Jupyter Notebook
  - **Libraries:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn
- 

## PROJECTS

### **Flower Species Prediction System (Machine Learning Project)**

- Developed a classification model to predict flower species using machine learning algorithms
- Performed data preprocessing and feature selection for improved model accuracy
- Visualized data insights using Matplotlib and Seaborn
- Trained and evaluated the model using standard ML techniques

### **Moodify – Mood-Based Song Recommendation System**

- Built a sentiment analysis-based system to recommend songs based on user mood
- Processed text input to classify emotions using basic NLP techniques
- Mapped detected sentiments to curated song recommendations
- Enhanced user experience by automating personalized music suggestions

---

### **CERTIFICATIONS**

- **Learn C++ Programming – Beginner to Advance (Deep Dive in C++) – Udemy**  
 <https://www.udemy.com/certificate/UC-288dbd4b-6fa2-477a-9aaf-9bc919a98244/>
  - Gained strong understanding of C++ programming and OOP concepts
  - Covered inheritance, polymorphism, encapsulation, and abstraction
  - Applied concepts through practical coding exercises

---

### **INTERESTS**

- Artificial Intelligence & Machine Learning
- Understanding how AI systems like ChatGPT work
- Building intelligent tech solutions
